

Taxes - Please Help!

Tax Forms, Laws, and Regulations are at the highest level of complexities we have ever seen. Each tax season brings new issues that IRS is not even prepared to handle. So hold on and lets review a few items to simplify and make things easier:

1. Haven't received your Refund? - go to IRS.gov and look for the icon for "Where's my refund". Massachusetts also has the same tool on the Mass DOR website.
2. Did you owe tax? Think about having your employer increase the tax withholding on your salary - or have pension companies withhold more on retirement distributions. The process is easy and you will not have stress on April 15th every year.
3. Technology is changing constantly. Our CPA firm loves to meet face-to-face so we really understand your life, your goals and your aspirations. However, actual tax documents and tax returns can be easily exchanged electronically through safe and secure portal accounts. If you have not yet considered this - give us a call and lets get you set up. Don't ever let April 15th stop a business trip or good vacation. The internet is everywhere!

**Let our CPA Firm help take the stress out of tax season.
Call on us anytime.**
