

## Hot Market to Startup, Buy, or Sell a Business

Entrepreneurs are the basis of the American economy. Businesses grow markets and industry, hire employees, and create wealth. Experienced CPAs at Olbricht Storniolo can help you, as we do with other clients, to startup, buy, or sell a business.

### Startup

We can help you select the correct entity type and get IRS identity. If you start wrong, it gets more difficult and expensive to fix and formulate better federal and state tax options. We will help you set up an efficient tax entity and habits.

---

### Buy

If you buy a significant and successful business, you could spend a lot of money very quickly. It is important to study business issues and complex strategies to produce value out of your purchase. We can help you analyze the seller and help you make good decisions.

---

### Sell

Sell a business at its highest possible price at the right time in the life of the business. You should be able to discuss a reasonable value and have a method to compute the value. It is also necessary to analyze the best allocation of business assets to keep the highest after tax net proceeds.

These issues are complex and require time to analyze and review the true art of the deal. This is where experience of our CPAs can be of real benefit. We can help you and can save you future time, effort, and money. Come see us first!
